

12v emergency power supply lithium battery pack

What is a rechargeable 12v battery pack?

Rechargeable 12V Lithium-Ion battery packs are a perfect power source for those on-the-go lighting applications. They are a convenient solution for on-the-move applications (bike lights, costumes, etc) that need a portable power source or the applications where there is not an easy way to connect to power.

What makes a good emergency battery pack?

A good emergency battery pack is housed in a durable and portable charger case. It provides extreme output for use in flashlights during power outages or other emergencies. Industrial jumper cables are also included for emergency battery backup power and can even work in extreme cold.

What is a 12 volt lithium battery used for?
