

Communication base station power cabinet manufacturer

Are APX enclosures NEMA indoor/outdoor telecom equipment cabinets made in the USA?

All APX Enclosures NEMA indoor/outdoor telecom equipment cabinets are made in the USA and backed by a 30-day simple return policy and a 1-year product warranty. If you're ready to get started, send us a message, and we'll assist you through each step of the design phase -- including drawings, prototype review and cabinet production.

Why should you choose NEMA Telecom cabinets?

Dust and debris: Our products keep dust and foreign objects from interfering with your critical electrical systems, helping you avoid damage and interruptions. Moisture and corrosion: All of our NEMA telecom cabinets stop the rain, sleet, snow and ice from getting in, eliminating issues and losses caused by corrosion.

Why do I need a telecommunications cabinet?

These cabinets also make it easy for technicians to reach the ports they need to expedite service. Patch panels: If your telecommunications system incorporates patch panels to connect and manage your incoming network cables, you can keep them safely stored in your cabinet.
