

Cook Islands Portable Outdoor Power Supply Series

What type of plug does Cook Islands use?

For Cook Islands, there is one associated plug type: type I. Cook Islands operates on a 240V supply voltage and 50Hz. In Cook Islands the power sockets used are of type I. Use the photo below to help identify the right plug and socket. Plug adapters are the interfaces between the American flat-pronged plug and Cook Islands' three flat-prong socket.

Do I need a power adapter in Cook Islands?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Cook Islands, you will need a power adapter and/or a voltage converter/transformer.

Can a universal power adapter fit a Cook Islands outlet?

Universal power adapters usually come with multiple plug types and can be adjusted to fit Cook Islands outlets and many others. If your devices are not compatible with the voltage in your destination country, a voltage converter or transformer will also be necessary to convert the voltage to the appropriate range for your devices.

What voltage does the Cook Islands use?

The Cook Islands utilize a standard voltage of 240 volts and a frequency of 50 Hz. The country primarily uses plug type I, which is a three-pin plug with a grounded pin in the center and two flat pins on either side. This plug type is also commonly found in Australia, New Zealand, and other countries in the region.

Can I use my electric appliances in Cook Islands?

RELIABLE - This CE Certified and RoHS Compliant; GUARANTEED - Plug In Solutions guarantee is 100% Satisfaction or complete refund. You can use your electric appliances in Cook Islands, if the standard voltage in your country is in between 220 - 240 volts. Manufacturers take these small deviations into account.

Do I need a travel adapter to travel to the Cook Islands?

This plug type is also commonly found in Australia, New Zealand, and other countries in the region. If you are traveling to the Cook Islands with a device that uses a different plug type, you will need to bring a travel adapter. You can purchase travel adapters at most electronics stores or online.
