Where can I buy a power supply?

The power cord for a Playstation is standard and can be found at local hardware, electronics, or big box retail stores for just a few bucks. Online retailers like Cables for Less and Monoprice might also sell them for less. The slim and superslim PS3, Vita, OG Xbox, fat PS2, Dreamcast, and Sega Saturn all use the same type of power cord.

What should I consider when buying a power supply?

When buying a power supply for your computer, consider deciding between modular and non-modular. Non-modular power supplies have all the wires and cables dangling out the back, while modular power supplies allow you to pull out any unnecessary cables you don't need for your build.

Is an external power supply required?

An external power supply is required for devices like printers, displays, pin pads, external DVD-ROMs, and hard drives. Unfortunately, the bus supplied power is limited to 2.5 Watts (0.5A @+5V) per port, sufficient to provide enough power to input devices, web cameras, and other low power devices.

Who can use a power supply?

The power supply can be used by anyone from the maker in their garage, to the experienced engineer prototyping new ideas. But, good quality power supplies can be quite expensive and acquiring one might leave a dent in your bank account. Are there any alternatives to using a power supply? Can you use a battery charger as a power supply?

Which power supply is used in my home?

Direct current always flows in the same direction. The voltage also fluctuates with AC power, but not as dramatically as it does with DC power. As we just discussed, most houses here in America are supplied by AC power. However, you definitely want a definitive answer - so how can you tell what power supply is used in your home?

Is a permanent power outlet necessary?

For lighting, lawn tools used on a regular basis, or power needs for outbuildings, you need a permanent power solution for safety. This can involve an outdoor outlet addition to your home's main structure, or wiring run remotely to an outbuilding.
