

Where can I buy a power adapter in Morocco?

While adapters are available throughout Morocco, prices and quality can vary significantly. Major cities like Casablanca, Marrakech, and Rabat offer numerous electronics shops and department stores where you can purchase adapters. Shopping malls typically offer reliable options but at higher prices than local markets.

What are the different types of power plugs in Morocco?

In Morocco, there are two main types of power plugs and outlets: Type C and Type E. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs.

Where can I buy a voltage converter in Morocco?

You can find voltage converters on Amazon, or at your local electronics store. If you would like to bring your laptop, tablet, camera, or other electronic devices with you to Morocco, it's important to check their voltage and frequency before traveling.

How do you distribute your products in Morocco?

We distribute our products throughout Morocco through our logistics department. We provide our customers with tailor-made and rapid installations for all their projects. Our specialized teams take care of all installation work. We guarantee our customers the commissioning, preventive and curative maintenance of all energy installations.

What is the standard voltage in Morocco?

In Morocco, the standard voltage is 220 V and the frequency of electricity is 50 Hz. If you're traveling from another country and your electronic device isn't compatible with Morocco voltage, it may not work properly.

Do electronic devices work in Morocco?

If you're concerned about how your electronic devices will work in Morocco, it's important to check their voltage and frequency before traveling. Additionally, you should know that some electronic devices may require a voltage converter or transformer to function properly in Morocco.
