

Myanmar Telecom Operator Base Station Cooperation

What are the major telecom operators in Myanmar?

Operator Profiles: Myanmar's telecom market is dominated by four major mobile operators: Myanmar Post Telecommunications (MPT), Atom Myanmar (formerly Telenor), Ooredoo Myanmar, and Mytel. Competition is fierce, with over 95% 4G population coverage achieved.

When did Myanmar open up its telecommunications market?

Myanmar began liberalization of its telecommunications market in 2013. Previously, Myanmar Post and Telecommunication (MPT) had a monopoly in the country. In 2013, the government started taking steps to open up the telecommunications market, issuing licenses to new service providers.

When did MyTel become a telecommunication operator in Myanmar?

On 12 January 2017, Mytel (Telecom International Myanmar Co., Ltd.) received a license for the provision of telecommunication services, officially becoming the 4th operator in Myanmar. Bids were offered for two fresh telecom licenses by the Myanmar government. The deadline was set to be 8 February 2013.

What is the telecom market like in Myanmar?

Myanmar's telecom market is dominated by four major mobile operators: Myanmar Post Telecommunications (MPT), Atom Myanmar (formerly Telenor), Ooredoo Myanmar, and Mytel. Competition is fierce, with over 95% 4G population coverage achieved. Operators are now diversifying their services into FTTH and e-commerce to drive further growth.

Will MyTel cover 93 percent of 2G networks in Myanmar?

Commander-in-chief Senior General Min Aung Hlaing stated at the opening ceremony of Mytel on 11 February 2018 that it will cover 93 percent of the 2G networks and 60 percent of the 4G networks of Myanmar after installing towers and stations across the country. Press Television
