

Qatar's new photovoltaic panel manufacturer

Does Qatar have a solar power plant?

Qatar's Al Kharsaah solar power plant is Marubeni's third large-scale solar project in the region, following the company's first two large-scale solar projects in the United Arab Emirates (UAE) and Oman. What does the Al Kharsaah solar power plant mean for Qatar?

What is Qatar's first large-scale solar power generation project?

This Marubeni investment-backed plant, which was inaugurated on October 18, is the first large-scale solar power generation project in Qatar, with a maximum output of 800 MW. The power generated will be sold to Qatar's General Electricity & Water Corporation Kahramaa under a long-term contract of 25 years.

Is Qatar a good place to develop solar energy?

Qatar boasts the ideal conditions for developing solar energy with its exceptional sunshine and vast unoccupied spaces. This is where the Al Kharsaah solar power plant, developed by TotalEnergies and its partners QatarEnergy and Marubeni, was inaugurated in October 2022.
