

Recommendation of outdoor power cabinets for \$400

What are outdoor storage cabinets?

Our outdoor storage cabinets are the perfect compromise between our large outdoor storage boxes and sheds. They function beautifully as outdoor tool storage units, are available in an array of weather-resistant materials and provide an attractive place on your patio or deck to keep supplies neatly tucked away.

How much weight can a kitchen cabinet hold?

The drawer and door fronts are stainless steel and the top is made of sturdy 1.5 inch thick beech wood, giving the cabinet an attractive, yet functional appearance. It has a maximum weight capacity of 500 pounds and includes side pegboards for additional tool storage.

How much power can a portable power station hold?

While a particular power station might claim to hold 1,000 watt hours, the actual amount of usable power you can get out of it is a different story. The best portable power stations also have an onboard computer that shows you how much energy is left in your unit, as well as how much power it's currently using.

Are portable power stations better than gas-powered generators?

In an emergency, these power stations offer some major advantages over gas-powered portable generators, despite being less powerful. Portable power stations are silent and don't produce additional emissions, so you can use them safely indoors and while you're sleeping.

How much weight can a garage cabinet hold?

The cabinet can support up to 120 pounds per drawer, and the six-inch casters are strong enough to bear up to 4,400 pounds (although there's more use of plastic in the wheels than previous series). The powder-coated steel cabinet comes in eight different colors being one of the only options where you can match to a specific garage color scheme.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.
