

Serbia plans to build solar power plants, wind farms, and pumped-storage hydropower plants, but also gas-fired power plants, energy storage batteries, and hydrogen facilities, in order to ...

Fortis Energy, a Turkey-based developer and Independent Power Producer (IPP), recently made headlines by acquiring a solar and battery energy storage system (BESS) ...

Turkish company Fortis Energy is developing a 110 megawatt-peak (MWp) solar power plant with an integrated 31.2 megawatt-hour (MWh) battery energy storage system ...

Conclusion The recent regulatory developments in the renewable energy sector will certainly create a stimulating environment for further ...

The projects funded by this initiative are expected to contribute around 3 GW of new renewable energy capacity and approximately 1.2 GW of energy storage to Bulgaria's ...

With the proposed amendments to the Law on the Use of Renewable Energy Sources, Serbia will promote the introduction of energy storage facilities, Minister of Mining ...

Subscribe to Newsletter Energy-Storage.news meets the Long Duration Energy Storage Council Editor Andy Colthorpe speaks with Long Duration Energy Storage Council director of markets ...

Serbia has revised its energy storage regulations to address the growing demand for renewable integration. With wind and solar projects expanding rapidly, these policy adjustments focus on ...

This hybrid solar and storage project represents a strategic investment aimed at enhancing grid reliability, integrating renewable energy, and reducing dependence on fossil ...

Investing in renewable energy integration and battery storage in Serbia presents opportunities to create a more sustainable and reliable energy system. It can contribute to the ...

Fortis Energy acquires a major solar project with an integrated Battery Energy Storage System (BESS) in Serbia. Learn more about this groundbreaking renewable energy ...

Serbia's transmission system operator Elektromreža Srbije received two grid connection applications for battery energy storage systems. ...

Fortis Energy Launches 110 MWp Solar + Storage Project in Serbia Fortis Energy announced the

Serbia grid-side energy storage project

development of the #110MWp Erdevik Solar Power Plant with a 31.2 MWh Battery Energy ...

Status of Renewable Energy Deployment Fossil fuels dominate Serbia's energy mix as of 2017 with 87% of the total primary energy supply (TPES), mainly consisting of an abundance of ...

The project, set to be built in Fantanele, Mures County, will include the BESS and related grid infrastructure. The system will have an energy storage capacity of 69.93MWh and ...

Imbalance netting takes place with Montenegro within the control block of Montenegro, North Macedonia and Serbia. EMS became operational member of the European platform for the ...

Serbia's new rules for connecting solar parks and wind farms to the transmission system, operated by Elektromreža Srbije, are a test for both ...

3 days ago; State-owned power utility Elektroprivreda Srbije (EPS) and the Government of Serbia plan to develop a 500 MW wind farm project with a strategic partner, according to Aleksandar ...

State-owned power utility EPS has announced that public consultations for the environmental and social impact assessment (ESIA) of the planned Bistrica pumped-storage ...

The project was signed by Wuyi County, Jinhua City, Zhejiang Province and Sunwoda Smart Energy, with a planned total investment of 800 million yuan, and the project ...

This project successfully won the second standalone battery auction in Greece. Faria Renewables' focus on energy storage aligns closely with Greece's national energy goals, ...

The Hungarian government will allocate 62 billion HUF (158 million euros) for grid-scale energy storage projects in order to facilitate further deployment of renewable energy ...

With the proposed amendments to the Law on the Use of Renewable Energy Sources, Serbia will promote the introduction of energy ...

Serbia's transmission system operator Elektromreža Srbije received two grid connection applications for battery energy storage systems. They are the first energy storage ...

Now that Regional Manager, Bojan, has secured grid for the four projects totalling 216.5MW, we are expecting to reach the next steps in coming months. Each of the projects ...
