

The Asian Development Bank (ADB) today announced the signing of an USD-820-million (EUR 779m) loan with the renewables subsidiary of ...

Hydro Power Plant Project Pumped-Storage The pumped-storage is designed to provide electricity generation at peak-load time. Water cycles is controlled by pump in a closed loop ...

Thailand's 2024 plan increases renewable energy, highlighting crucial battery storage systems for buildings and power generation.

Thailand's Commission on the National Competitiveness Enhancement for Targeted Industries has approved an investment by Sunwoda Electronic, a Chinese company, ...

2 days ago PTTEP has reached the final investment decision (FID) on Carbon Capture and Storage Project (CCS) at the Arthit gas field, marking Thailand's first CCS development. ...

The ADB told Energy-Storage.news this morning that it will lend THB235.55 million (US\$7.2 million) for the construction of the Southern Thailand Wind Power and Battery Energy Storage ...

Energy storage is in its infancy in Thailand, and new business models are already emerging. As the regulatory framework adapts to accommodate new players in the market, it ...

The Electricity Generating Authority of Thailand (EGAT) plans to invest some 90 billion baht to build three pumped-storage hydropower plants, an EGAT ...

The objective of the Project is to promote clean energy generation in Thailand through the development of a portfolio of solar photovoltaic (PV) power plants and the ...

The Asian Development Bank (ADB) today announced the signing of an USD-820-million (EUR 779m) loan with the renewables subsidiary of Gulf Energy Development PCL ...

The Energy Regulatory Commission of Thailand has passed a regulation to set up a FIT scheme for renewable energy, including utility-scale ...

Bangkok, 8 September 2025 - PTTEP has reached the final investment decision (FID) on Carbon Capture and Storage Project (CCS) at the Arthit gas field. This milestone marks Thailand's first ...

With renewable energy capacity projected to reach 30% of its grid by 2036, the country needs robust storage solutions to balance its famous sunshine-heavy solar farms and ...

Summary. Thailand's cabinet has approved the selection of BBS Joint Venture for the PPP under the U-Tapao International Airport Project.; The Thai regional airline Bangkok Airways is the ...

ADB and Gulf Renewable Energy Company Limited, a subsidiary of Gulf Energy Development Public Company Limited, have signed an \$820 ...

Hybrid power supply is made up of an 80MW gas-fired power plant and a 15MW solar photovoltaic farm, as well as a 50MW energy storage ...

CHONBURI, THAILAND, July 4 th, 2024: Constant Energy signs one of its largest corporate Power Purchase Agreements (PPA), a substantial 12-megawatt peak (MWp) solar ...

ADB and Gulf Renewable Energy Company Limited, a subsidiary of Gulf Energy Development Public Company Limited, have signed an \$820 million loan to provide ...

Thailand Construction Market Size, Trend Analysis by Sector, Competitive Landscape and Forecast to 2029 - H1 2025 Powered by All the ...

3 days ago; PTTEP, Thailand's national exploration and production company, has approved its final investment decision to build the country's first carbon capture and storage (CCS) project ...

The Southern Thailand Wind Power and Battery Energy Storage Project is the first private sector initiative in Thailand to integrate utility-scale wind power generation with a battery energy ...

Sungrow, a prominent supplier of PV inverters and energy storage systems, has entered a strategic supply agreement with Thailand's Gulf ...

This met Thailand's government's early gas sendout target. Also, the project completed terminal performance acceptance in November of the same year, ...

With clean energy commitments on the horizon, Thailand needs help with Battery Energy Storage Systems (BESS) to meet its goals.

In markets like Thailand, solar energy combined with energy storage systems will play a crucial role, particularly for large-scale applications such as utilities, ...

"By integrating battery storage with solar power, these projects will help to provide clean energy during

Thailand energy storage project construction

non-daylight hours, grid stability and facilitate further integration of solar ...
