

Wholesale of beautiful solar integrated machine for home use

What are home solar and battery systems?

With our Home Solar and Battery Systems, homeowners can reduce their reliance on traditional grid electricity, lower their energy bills, and contribute to a greener planet. Our solar panels capture the sun's energy and convert it into electricity, while the battery system stores excess energy for use during low sunlight periods or power outages.

How much does a solar system cost?

Transform your home's energy future with our comprehensive selection of premium solar solutions. Featuring complete systems from industry-leading manufacturers. Add Enphase 10kWh Battery System \$9,965. Dual 5P batteries for backup power and NEM 3.0, includes System Controller and Combiner with modem. Add Solaredge 10 kWhr Home Battery for \$9,295.
